

## BROOK'S BUCKS GOLF SHOWDOWN 2019

**Brook's Story.** Brook was a happy, healthy child meeting all the normal milestones...talking, crawling, walking, running, and so forth. However, in March 2005, Brook was diagnosed with an Ependymoma brain tumor – she was 2 ½ years old at the time. St. Jude's became our home away from home as Brook started radiation treatment on her 3rd birthday. At the time it seemed like a pretty crummy birthday present but in reality it was the start of treatments that saved Brook's life. Although St. Jude's Children's Research Hospital is miles away from Ohio, its generosity knows no boundaries. St. Jude's is one of those places you hope no one ever needs but you're so thankful it's there when you do. It is the efforts and dollars of MANY that have made Brook's extraordinary care possible. At St. Jude's, patients and their families are given answers, hope and support.

**Our Purpose.** Brook's Bucks Foundation Inc. was established in order to inspire individuals in the Buckeye State to make a difference in the lives of children throughout the country that have been affected by cancer through financial generosity and volunteer commitment.
